

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 1905 N. Bissell Condominium Assn.  
DOCKET NO.: 17-38969.001-R-1 through 17-38969.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are 1905 N. Bissell Condominium Assn., the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>DOCKET NO</b>	<b>PARCEL NUMBER</b>	<b>LAND</b>	<b>IMPRVMT</b>	<b>TOTAL</b>
17-38969.001-R-1	14-32-408-066-1001	9,563	104,124	\$113,687
17-38969.002-R-1	14-32-408-066-1003	11,775	128,207	\$139,982

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of two condominium units within a four-year old, three-story, three-unit condominium building. The property is located in Chicago, North Township, Cook County and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of the overvaluation argument, the appellant submitted evidence of the sale of three units located within the subject's building. These units sold May 2015 for a total sale amount of \$3,749,000. The appellant argues that the sale price should be reduced by 5% to account for personal property for an adjusted value of \$3,561,550. The appellant then applies the percentage of ownership of the unit sold of 100% to arrive at a value for the building of \$3,561,550. The appellant applies the percentage of

ownership of the units under appeal of 76.31% to arrive at a value for those units of \$2,717,819. The appellant then applies a median level of assessment from a document that lists 2016 ratios. The appellant included documents supporting the sale of the units.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$253,669. The subject's assessment reflects a market value for all the appealed units of \$2,536,690 when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted the sales of the same units submitted by the appellant but with one sale price difference for a total value of \$3,646,000. The board of review did not deduct anything for personal property. The board of review then applies the percentage of ownership of the unit sold of 100% to arrive at a value for the building of \$3,646,000. The board of review then applies the percentage of ownership of the units under appeal to arrive at a value for those units of \$2,782,263. The board of review also submitted a brief asserting that the appellant used an incorrect and inaccurate sales ratio.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the sales submitted by the appellant for a total price of \$3,749,000. However, the Board gives no weight to the appellant's adjustment for personal property as there is no evidence of this in the record. In applying the percentage of ownership of the unit sold of 100% arrives at a value for the building of \$3,749,000. Applying the percentage of ownership for the units under appeal arrives at a value for those units of \$2,860,862. Moreover, a review of the assessments of each unit shows that the assessments reflect market values below each sale price. The Board further finds the appellant submitted incorrect and unsupported median level of assessment evidence and gives this evidence no weight. In applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%, the Board finds the appellant failed to show by a preponderance of the evidence that the subject property was overvalued, and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
