

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rob Kaczmark
DOCKET NO.: 17-39014.001-R-1
PARCEL NO.: 27-18-428-010-0000

The parties of record before the Property Tax Appeal Board are Rob Kaczmark, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,257
IMPR.: \$17,307
TOTAL: \$21,564

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,400 square feet of living area. The dwelling is approximately 45 years old. Features of the home include a concrete slab foundation, central air conditioning and a two-car garage. The property has a 13,101 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on seven equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with one-story or 1.5-1.9-story dwellings of masonry, frame, or frame and masonry exterior construction that range in size from 1,134 to 1,627 square feet of living

area and range in age from 45 to 76 years old. Three comparables have partial or full unfinished basements. Four comparables have concrete slab or crawl space foundations. Four comparables have central air conditioning, four comparables each have a fireplace, and five comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$13,066 to \$18,266 or from \$9.16 to \$11.52 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$14,236 or \$10.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,564. The subject has an improvement assessment of \$17,307 or \$12.36 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of masonry exterior construction that range in size from 1,278 to 1,344 square feet of living area and range in age from 44 to 49 years old. The comparables have full unfinished basements. Three comparables have central air conditioning and three comparables each a two-car garage. The comparables have improvement assessments ranging from \$17,002 to \$19,038 or from \$12.65 to \$14.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eleven equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables #1 through #4, #6 and #7 due to their older ages and/or dissimilar design when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #5 and the board of review comparables which are relatively similar to the subject in location, age and dwelling size. However, each comparable has a basement unlike the subject's concrete slab foundation. These comparables have improvement assessments ranging from \$13,496 to \$19,038 or from \$9.64 to \$14.90 per square foot of living area. The subject has an improvement assessment of \$17,307 or \$12.36 per square foot of living area, which is within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds that the subject's improvement assessment appears to be equitably assessed and a reduction in the subject's assessment was not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
