

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jean Christian Marquez
DOCKET NO.: 17-39015.001-R-1
PARCEL NO.: 27-24-207-013-0000

The parties of record before the Property Tax Appeal Board are Jean Christian Marquez, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,812
IMPR.: \$16,245
TOTAL: \$19,057

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,420 square feet of living area. The dwelling is approximately 43 years old. Features of the home include a partial unfinished basement, central air conditioning and a two-car garage. The property has a 7,500 square foot site and is located in Tinley Park, Orland Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on eight equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of frame or frame and masonry exterior construction that range in size from 1,444 to 1,621 square feet of living area and range in age

from 46 to 48 years old. Four comparables have partial or full basements with formal recreation rooms. Four comparables have concrete slab or crawl space foundations. Seven comparables have central air conditioning, three comparables each have a fireplace, and each comparable has a one-car to a three-car garage. The comparables have improvement assessments ranging from \$16,474 to \$17,507 or from \$10.52 to \$11.78 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$15,822 or \$11.14 per square foot of living area.

The appellant also submitted a copy of the decision of the board of review disclosing the subject property has a total assessment of \$21,141. The submission revealed the subject has an improvement assessment of \$18,329 or \$12.91 per square foot of living area.

The board of review did not submit its "Board of Review Notes on Appeal" nor any evidence in support of its assessed valuation of the subject property.

Conclusion of Law

The appellant contends in part assessment inequity with respect to the improvement as a basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the board of review did not timely submit any evidence in support of its assessment of the subject property or to refute the evidence submitted by the appellant as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. (86 Ill.Admin.Code §1910.40(a) & 1910.69(a)).

The Board finds the only evidence of assessment equity to be the appellant's comparables. The Board gave less weight to appellant's comparables #2, #3, #5 and #6 which lack basement foundations unlike the subject. The Board finds the best evidence of assessment equity to be the remaining comparables in the record. These comparables are relatively similar to the subject in location, age, design, and dwelling size, though each comparable has a formal recreation room in the basement unlike the subject. These comparables have improvement assessments that range from \$16,587 to \$17,507 or from \$10.52 to \$11.78 per square foot of building area. The subject's improvement assessment of \$18,329 or \$12.91 per square foot of building area is above the range established by the comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
