

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey & Holly Winters  
DOCKET NO.: 17-39019.001-R-1  
PARCEL NO.: 27-20-307-054-0000

The parties of record before the Property Tax Appeal Board are Jeffrey & Holly Winters, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,921  
**IMPR.:** \$23,458  
**TOTAL:** \$28,379

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,318 square feet of living area. The dwelling is approximately 26 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace, and a two-car garage. The property has a 9,375 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on nine comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame and masonry exterior construction that range in size from 2,482 to 2,690 square feet of living area and range in age from 21 to 26 years old. Each

comparable has a partial or a full unfinished basement, a fireplace and a two-car or a three-car garages. Seven comparables have central air conditioning. The comparables have improvement assessments ranging from \$23,481 to \$25,510 or from \$9.14 to \$9.54 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment to \$21,709 or \$9.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,379. The subject has an improvement assessment of \$23,458 or \$10.12 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame and masonry exterior construction that range in size from 2,066 to 2,285 square feet of living area and range in age from 22 to 26 years old. Each comparable has a partial or a full unfinished basement, central air conditioning, a fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$24,379 to \$28,755 or from \$11.80 to \$13.32 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 13 equity comparables for the Board's consideration that are relatively similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from of \$23,481 to \$28,755 or from \$9.14 to \$13.32 per square foot of living area. The subject has an improvement assessment of \$23,458 or \$10.12 per square foot of living area, which is within the range established by the comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment was not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
