

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Antoin Youhana  
DOCKET NO.: 17-39038.001-R-1  
PARCEL NO.: 13-09-419-041-0000

The parties of record before the Property Tax Appeal Board are Antoin Youhana, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,997  
**IMPR.:** \$23,006  
**TOTAL:** \$27,003

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 2,004 square feet of living area. The dwelling is approximately 102 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 3,075 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located in the same neighborhood code as the subject property. The comparables were improved with similar class 2-11 dwellings of frame or masonry exterior construction that ranged in size from 1,640 to 4,303 square feet of living area. The dwellings range in age from 28 to 127 years old. The comparables have sites ranging in size from 3,075 to 4,725 square feet of land area. Two comparables have a full basement with a finished apartment and two comparables have either a crawl-space foundation

or a concrete slab foundation. Two comparables have central air conditioning and each comparable has a two-car garage. The comparables sold from April 2016 to November 2017 for prices ranging from \$164,500 to \$490,000 or from \$100.30 to \$138.59 per square foot of living area, land included. Based on this evidence, the appellant requested that the subject's assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,003. The subject's assessment reflects a market value of \$270,030 or \$134.75 per square foot of living area, including land, when using the ordinance level of assessment for Class 2 property of 10%.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located in the same neighborhood code and within the subarea or one-fourth of a mile from the subject property. The comparables were improved with multi-level dwellings of frame exterior construction that range in size from 1,666 to 1,813 square feet of living area. The dwellings range in age from 84 to 102 years old. The comparables have a sites ranging in size from 3,750 to 4,725 square feet of land area. Each comparable has a full basement, with one comparable having a finished area, one comparable has central air conditioning and each comparable has either a 2-car or 2.5-car garage. The comparables sold from June 2015 to September 2017 for prices ranging from \$315,000 to \$551,500 or from \$188.40 to \$331.03 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #3 along with the board of reviews #4 as these comparables have a finished basement when compared to the subject. The Board gave less weight to the appellant's comparables #2 and #4 as these properties lack of basement when compared to the subject. The Board gave less weight to the board of reviews comparable #3 as this sale occurred June 2015 which is dated and less indicative of fair market value as of the subject's January 1, 2017 assessment date

The Board finds the best evidence of market value are the board of review comparables #1 and #2. These comparables are most similar when compared to the subject in location, design, age, dwelling size, land size and features. These comparables sold in May 2017 and August 2016 for prices of \$485,000 and \$315,000 or from \$277.30 and \$188.40 per square foot of living area including land, respectively. The subject's assessment reflects a market value of \$270,030 or \$134.75 per square foot of living area, including land, which falls below the best comparable sales in this record. After considering adjustments to the comparable sales for differences when

compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is supported. Therefore, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
