

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick J. Harris
DOCKET NO.: 17-39080.001-R-1
PARCEL NO.: 27-36-109-001-0000

The parties of record before the Property Tax Appeal Board are Patrick J. Harris, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,238
IMPR.: \$32,402
TOTAL: \$38,640

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction containing 3,363 square feet of living area. The dwelling is approximately 24 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a three-car attached garage. The property has a 12,476 square foot site and is located in Tinley Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales classified as class 2-78 properties improved with dwellings of frame and masonry or masonry construction with either 3,109 or 3,305 square feet of living area. The dwellings range in age from 19 to 23 years old. Each property has a full unfinished basement, central air conditioning, one fireplace and a three-car

attached garage. The comparables have sites ranging in size from 12,612 to 20,025 square feet of land area. Each property has the same assessment neighborhood code as the subject property. The sales occurred from July 2015 to September 2017 for prices ranging from \$306,000 to \$340,000 or from \$92.59 to \$109.36 per square foot of living area, including land. The appellant requested the subject's assessment be reduced to \$32,691.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,640. The subject's assessment reflects a market value of \$386,400 or \$114.90 per square foot of living area, including land, when applying the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2-78 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales improved with two-story dwellings of frame and masonry or masonry construction ranging in size from 2,802 to 3,305 square feet of living area. The homes range in age from 19 to 25 years old and have the same classification code as the subject property. Each property has a full unfinished basement, central air conditioning, one fireplace, and a 3-car or a 3.5-car attached garage. These properties have sites ranging in size from 11,619 to 14,496 square feet of land area. The comparables have the same assessment neighborhood code as the subject property. The sales occurred from July 2015 to November 2017 for prices ranging from \$390,000 to \$450,000 or from \$118.00 to \$144.54 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparable sales improved with dwellings similar to the subject in style and features to support their respective positions. Less weight is given appellant's comparable sales #3 due to its July 2015 date of sale not being proximate in time to the assessment date. Less weight is given board of review comparable sales #1 and #4 due to the sales occurring in July 2015, not proximate in time to the assessment at issue. The five remaining comparables sold for prices ranging from \$307,649 to \$430,000 or from \$93.09 to \$135.48 per square foot of living area, including land. The subject's assessment reflects a market value of \$386,400 or \$114.90 per square foot of living area, including land, which is within the range and well bracketed by the best comparable sales in this record. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
