

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Polymenakos
DOCKET NO.: 17-39092.001-R-1
PARCEL NO.: 15-08-226-033-0000

The parties of record before the Property Tax Appeal Board are George Polymenakos, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,912
IMPR.: \$8,815
TOTAL: \$11,727

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of masonry construction containing 1,037 feet of living area. The dwelling is approximately 92 years old. Features of the property include a full unfinished basement, one bathroom, and a two-car detached garage. The property has a 5,824 square foot site and is located in Bellwood, Proviso Township, Cook County. The subject is classified as a class 2-03 one-story residence under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales classified as class 2-03 properties improved with dwellings of masonry or frame and masonry construction ranging in size from 1,000 to 1,133 square feet of living area. The dwellings range in age from 57 to 63 years old. Three properties have full basements with one having a recreation room. Each comparable has

one bathroom, central air conditioning, and a two-car detached garage. The comparables have sites ranging in size from 4,410 to 6,700 square feet of land area. Each property has the same assessment neighborhood code as the subject property. The sales occurred from June 2015 to May 2017 for prices ranging from \$51,800 to \$108,000 or from \$47.61 to \$108.00 per square foot of living area, including land. The appellant requested the subject's assessment be reduced to \$8,564.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,727. The subject's assessment reflects a market value of \$117,270 or \$113.09 per square foot of living area, including land, when applying the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2-03 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales improved with two, 1-story dwellings and two, 1.5-story dwellings of frame or frame and masonry construction ranging in size from 1,072 to 1,410 square feet of living area. The homes range in age from 59 to 91 years old and have the same classification code as the subject property. Three of the comparables have a full basement with one having a recreation room; each comparable has 1, 1.5 or 2 bathrooms; and three comparables have two-car garages. These properties have sites ranging in size from 4,775 to 8,040 square feet of land area. The comparables have the same assessment neighborhood code as the subject property. The sales occurred in December 2017 for prices ranging from \$155,000 to \$218,500 or from \$134.53 to \$169.34 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparable sales improved with dwellings each with the same classification code to support their respective positions. Less weight is given appellant's comparable sale #2 due to its date of sale not being proximate in time to the assessment date and the property's crawl space foundation as compared to the subject's full basement. Less weight is given board of review comparables #1 and #2 due to their larger dwelling sizes in relation to the subject dwelling and the fact that comparable #1 has a slab foundation. The five remaining comparables are most similar to the subject in dwelling size and features with the exception appellant's comparable #3 and board of review comparable #3 have finished basement area. These five comparables sold for prices ranging from \$80,000 to \$198,800 or from \$71.88 to \$169.34 per square foot of living area, including land. Appellant's comparables #3 and #4 as well as board of review comparable #4 have a tighter range of \$108,000 and \$155,000 or from \$102.86 to \$144.59 per square foot of living area, including land. The most similar comparable to the subject with respect to age, although superior to the subject with central air conditioning, is board of review comparable #4 with a price of \$155,000

or \$144.59 per square foot of living area, including land. The subject's assessment reflects a market value of \$117,270 or \$113.09 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
