

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christina Melonides
DOCKET NO.: 17-39094.001-R-1
PARCEL NO.: 15-32-305-006-0000

The parties of record before the Property Tax Appeal Board are Christina Melonides, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,484
IMPR.: \$23,009
TOTAL: \$29,493

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of masonry construction with 1,044 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a full basement with a recreation room and a one-car attached garage. The property has a 7,860 square foot site and is located in Western Springs, Proviso Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales classified as class 2-03 properties improved with dwellings ranging in size from 1,367 to 1,530 square feet of living area. The dwellings range in age from 62 to 94 years old. Each property has a full or partial basement with one having finished area. Two comparables have central air conditioning and a fireplace. Three

of the properties have either a one-car or a two-car garage. The comparables have sites ranging in size from 6,750 to 8,650 square feet of land area. Each property has the same assessment neighborhood code as the subject property. The sales occurred from April 2015 to April 2017 for prices ranging from \$263,900 to \$385,000 or from \$193.05 to \$259.83 per square foot of living area, including land. The appellant requested the subject's assessment be reduced to \$23,686.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,493. The subject's assessment reflects a market value of \$294,930 or \$282.50 per square foot of living area, including land, when applying the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2-03 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales improved with three, 1-story dwellings and one, 1.5-story dwelling of frame or frame and masonry construction ranging in size from 1,000 to 1,287 square feet of living area. The homes range in age from 67 to 98 years old and have the same classification code as the subject property. Each property has a full basement with one having finished area, two comparables have central air conditioning, and each property has a two-car garage. These properties have sites ranging in size from 6,250 to 7,088 square feet of land area. The comparables have the same assessment neighborhood code as the subject property. The sales occurred from July 2015 to June 2016 for prices ranging from \$305,000 to \$375,000 or from \$236.99 to \$375.00 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparable sales to support their respective positions. Less weight is given the appellant's comparable sales due to differences from the subject in size. Less weight is given board of review comparable sale #1 due to its 1.5-story design which differs from the subject's one-story style. The Board finds the best comparable sales to be board of review comparables #2 through #4 as these are most similar to the subject dwelling in size. These three comparables sold for prices ranging from \$325,000 to \$375,000 or from \$323.06 to \$375.00 per square foot of living area, including land. The subject's assessment reflects a market value of \$294,930 or \$282.50 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
