

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Syregelas  
DOCKET NO.: 17-39109.001-R-1  
PARCEL NO.: 15-29-306-002-0000

The parties of record before the Property Tax Appeal Board are George Syregelas, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 4,352  
**IMPR.:** \$26,873  
**TOTAL:** \$31,225

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level, masonry dwelling that contains 2,116 square feet of living area. The home is approximately 44 years old. Features include a partial basement with a formal recreation room, central air conditioning, a fireplace and a two-car garage. The property has a 7,254 square foot site and is located in Westchester, Proviso Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that were located within the same neighborhood code as the subject. The comparables had lots ranging in size from 3,000 to 7,254 square feet of land area and were improved with similar class 2-34 dwellings of masonry or frame and masonry exterior construction. The comparables ranged in size from 1,852 to 2,024

square feet of living area and ranged in age from 41 to 54 years old. Each comparable has a partial basement with a formal recreation room, central air conditioning and three comparables each have a fireplace. Each property has a 2-car or a 2.5-car garage. The comparables sold from July 2015 to February 2017 for prices ranging from \$252,000 to \$275,000 or from \$124.51 to \$143.45 per square foot of living area, including land.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$28,425. The requested assessment would reflect a total market value of \$284,250 or \$134.33 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,225. The subject's assessment reflects a market value of \$312,250 or \$147.57 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that were located within the same neighborhood code as the subject and either within ¼ of a mile of the subject, in the subarea or within the "same block." The comparables had lots ranging in size from 6,435 to 7,605 square feet of land area and were improved with similar class 2-34 multi-level dwellings of masonry exterior construction. The comparables ranged in size from 1,847 to 2,254 square feet of living area and ranged in age from 40 to 48 years old. Each comparable has a partial basement with a formal recreation room, central air conditioning, a fireplace and a two-car garage. The comparables sold from January 2014 to May 2017 for prices ranging from \$339,700 to \$353,000 or from \$153.06 to \$191.12 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1 and #4 along with board of review comparable #3 due to the sales occurring in 2014 and 2015, dates more remote in time to the valuation date at issue of January 1, 2017 as compared to more recent sales in the record.

The Board finds the best evidence of market value to be the appellant's comparable sales #2 and #3 along with board of review comparable sales #1, #2 and #4. These five comparables are

similar to the subject in location, age, design, size, foundation and/or features. These most similar comparables sold from June 2016 to May 2017 for prices ranging from \$252,000 to \$345,000 or from \$133.30 to \$164.26 per square foot of living area, including land. The subject's assessment reflects a market value of \$312,250 or \$147.57 per square foot of living area, including land, which is within the range established by the best comparable sales in this record both in terms of overall value and on a per-square-foot basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
