

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Cobbins
DOCKET NO.: 17-39569.001-R-1
PARCEL NO.: 29-30-402-049-0000

The parties of record before the Property Tax Appeal Board are Richard Cobbins, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,706
IMPR.: \$14,912
TOTAL: \$16,618

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry exterior construction with 2,352 square feet of living area. The dwelling is approximately 57 years old. Features of the home include a concrete slab foundation and a two-car detached garage. The property has a 5,250 square foot site and is located in East Hazel Crest, Thornton Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located from 6.8 to 11.5 miles from the subject property, none of which are within the subject's neighborhood code. The comparables are improved with similar class 2-11 two-story multi-family dwellings of frame or masonry exterior construction ranging in size from

2,483 to 2,916 square feet of living area. The dwellings range in age from 43 to 60 years old. Three comparables have full basements with one finished as a formal recreation room and one comparable has a concrete slab foundation. Two comparables have either a one-car or a two-car garage. The comparables have improvement assessments that range from \$11,416 to \$13,627 or \$4.60 and \$4.67 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$10,937 or \$4.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,618. The subject property has an improvement assessment of \$14,912 or \$6.34 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same neighborhood code and block as the subject property. The comparables are improved with similar class 2-11 two-story multi-family dwellings of masonry exterior construction, each with 2,352 square feet of living area. The dwellings range in age from 55 to 57 years old. The comparables have either a crawl space foundation or a concrete slab foundation. Comparable #1 has a fireplace and a 2.5-car garage. The comparables have improvement assessments that range from \$14,949 to \$14,995 or \$6.36 and \$6.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided seven suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables due to their locations being more than 6 miles from the subject. Furthermore, the appellant's comparables are dissimilar to the subject in dwelling size, age and/or foundation type. The Board finds the best evidence of assessment equity to be comparables submitted by the board of review. These comparables are similar, if not identical to the subject in dwelling size, design, age, and features, except two of the comparables lack a garage, a feature of the subject. The comparables have improvement assessments that range from \$14,949 to \$14,995 or \$6.36 and \$6.38 per square foot of living area. The subject's improvement assessment of \$14,912 or \$6.34 per square foot of living area falls below the three best comparables in this record both in terms of overall improvement assessment and on a square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
