

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Thanoukos
DOCKET NO.: 17-39579.001-R-1
PARCEL NO.: 04-20-402-004-0000

The parties of record before the Property Tax Appeal Board are Bill Thanoukos, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,752
IMPR.: \$76,029
TOTAL: \$91,781

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 5,150 square feet of living area. The dwelling is approximately 22 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a 3.5-car garage. The property has a 15,368 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in Northbrook and from 2.2 to 5.1 miles from the subject property. The comparables are improved with similar class 2-09 two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 5,146 to 5,328 square feet of living area. The

dwellings range in age from 22 to 51 years old. Each comparable has a full or partial basement with one finished as a formal recreation room, central air conditioning, one or two fireplaces and a 1-car to a 3.5-car garage. The comparables have improvement assessments that range from \$68,927 to \$72,425 or from \$13.12 to \$13.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$69,113 or \$13.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,781. The subject property has an improvement assessment of \$76,029 or \$14.76 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, three of which are located in Glenview, which were reported to be located in the subject's subarea. The comparables are improved with one, class 2-09 and three, class 2-08 two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 4,474 to 5,161 square feet of living area. The dwellings range in age from 19 to 33 years old. Each comparable has a full basement with two finished as formal recreation rooms, central air conditioning, one or two fireplaces and a three-car garage. The comparables have improvement assessments that range from \$78,413 to \$92,516 or from \$16.78 to \$18.33 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables due to their distant locations, larger site sizes and/or older dwelling ages when compared to the subject. The Board gives reduced weight to board of review comparables #1 and #4 which differ from the subject in age and dwelling size. The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3. These comparables are relatively similar to the subject in location, design, age and features. However, the subject's dwelling size is superior to each of these comparables. The comparables have improvement assessments of \$78,413 and \$81,574 or \$16.78 and \$17.08 per square foot of living area, respectively. The subject's improvement assessment of \$76,029 or \$14.76 per square foot of living area is below the two best comparables in this record both in terms of overall improvement assessment and on a square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
