

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Plonis
DOCKET NO.: 17-39589.001-R-1
PARCEL NO.: 29-11-421-006-0000

The parties of record before the Property Tax Appeal Board are Ron Plonis, the appellant, by attorney Peter D. Verros of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,767
IMPR.: \$4,788
TOTAL: \$6,555

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,151 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a concrete slab foundation and central air conditioning. The property has a 5,050 square foot site and is located in Dolton, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject and from 367 feet to 1.2 miles from the subject property. The comparables are improved with class 2-03 one-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,104 to

1,256 square feet of living area. The dwellings range in age from 60 to 62 years old. Each comparable has either a crawl space or a concrete slab foundation, one comparable has central air conditioning, two comparables each have one fireplace and three comparables have either a 1-car, a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$2,175 to \$3,202 or from \$1.80 to \$2.77 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$2,613 or \$2.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,555. The subject property has an improvement assessment of \$4,788 or \$4.16 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject and either on the same block or within .25 of a mile from the subject property. The comparables are improved with class 2-03 one-story dwellings of masonry exterior construction ranging in size from 1,136 to 1,157 square feet of living area. The dwellings are either 61 or 62 years old. One comparable has a full unfinished basement and three comparables have either a crawl space or a concrete slab foundation. Three comparables have central air conditioning and one comparable has a one-car garage. The comparables have improvement assessments that range from \$4,930 to \$6,652 or from \$4.33 to \$5.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to appellant's comparables #1, #2 and #3, as well as board of review comparable #4 as each has a garage, not a feature of the subject. Furthermore, appellant's comparable #2 is located more than one mile away from the subject property. The Board gives reduced weight to board of review comparable #1 due to its dissimilar basement foundation which differs from the subject's concrete slab foundation.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 and board of review comparables #2 and #3. These comparables are relatively similar to the subject in location, dwelling size, design, age and features, except two of the comparables lack central air conditioning, a feature the subject enjoys. The comparables have improvement assessments that range from \$3,202 to \$5,096 or from \$2.77 to \$4.40 per square foot of living area. The subject's improvement assessment of \$4,788 or \$4.16 per square foot of living area is within the

range established by the best comparables in this record. After considering adjustments to the comparables for difference from the subject, the Board finds the subject's assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
