

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adrienne Henderson
DOCKET NO.: 17-39943.001-R-1
PARCEL NO.: 32-07-200-058-0000

The parties of record before the Property Tax Appeal Board are Adrienne Henderson, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,310
IMPR.: \$44,113
TOTAL: \$53,423

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, single family dwelling of frame and masonry construction with 5,812 square feet of living area. Features of the home include three and one-half baths, a partial unfinished basement, two fireplaces, and a three and one-half car garage. The dwelling was constructed in 1191. The property has a 41,382 square foot site and is located in Flossmoor, Bloom Township, Cook County.

The appellant argued that the fair market value of the subject property was not accurately reflected in its assessed value as the basis of this appeal. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased on December 19, 2011 for \$449,000. The appellant also submitted two comparable sales which sold in June 2017 and December 2011 for \$425,000 and \$437,000.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The appellant requested the subject's improvement assessment be reduced to \$46,598.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,423. The subject has a total improvement assessment of \$44,113 or \$7.59 per square foot of living area. The subject's assessment reflects a market value of \$441,130 or \$75.90 per square foot of living area including land, when applying the 2017 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of the assessment, the board of review submitted four equity comparables.

In rebuttal, the distinguished the board of review's comparables based on lot size, condition, size, and amenities.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the subject's sale price in December 2011 is reflective of the market value in 2011 and not the 2018 tax lien year. The 2011 sale date is too far removed in time from the January 1, 2017 lien date.

The appellant only submitted assessment information on two sale comparables with one having a 2011 sale date. However, two comparables do not equate a range. Therefore, the Board finds a reduction in the subject's assessment is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2, #3 and #4. These comparables are similar in size, age, construction, story, and location. These comparables had improvement assessments that ranged from \$9.42 to \$9.91 per square foot of living area. The subject's improvement assessment of \$7.59 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
