

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Hoyt  
DOCKET NO.: 17-40046.001-R-1  
PARCEL NO.: 14-33-303-008-0000

The parties of record before the Property Tax Appeal Board are Nancy Hoyt, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$23,193  
**IMPR.:** \$136,286  
**TOTAL:** \$159,479

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story dwelling of masonry exterior construction with 3,999 square feet of living area. The dwelling is approximately 25 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a two-car garage. The property has a 2,577 square foot site located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-08 dwellings of masonry exterior construction ranging in size from 3,826 to 4,842 square feet of living area. The dwellings range in age from

13 to 32 years old. The comparables have partial or full basements with finished area. Each comparable has central air conditioning, one or two fireplaces and a two-car garage. The comparables have improvement assessments ranging from \$117,872 to \$175,284 or from \$30.81 to \$37.45 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$136,286 or \$34.08 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$194,790. The subject property has an improvement assessment of \$171,597 or \$42.91 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with three-story dwellings of masonry exterior construction ranging in size from 3,801 to 4,330 square feet of living area. The dwellings are either 18 or 22 years old. Each comparable has a partial or a full basement with finished area, central air conditioning, two or three fireplaces and a two-car garage. The comparables have improvement assessments ranging from \$169,692 to \$231,381 or from \$39.19 to \$53.75 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 due to their larger dwelling sizes when compared to the subject. The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review's comparables as they are most similar to the subject in location, design, exterior construction, age, dwelling size and most features; except each comparable has finished basement area in contrast to the subject's unfinished basement suggesting downward adjustments may be necessary to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$117,872 to \$231,381 or from \$30.81 to \$53.75 per square foot of living area. The subject's improvement assessment of \$171,597 or \$42.91 per square foot of living area falls within the range established by the best comparables in this record but is excessive based on its inferior unfinished basement when compared to the finished basement areas of the other comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is warranted commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
