

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Mui  
DOCKET NO.: 17-40054.001-R-1  
PARCEL NO.: 17-28-309-029-0000

The parties of record before the Property Tax Appeal Board are Stephen Mui, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,660  
**IMPR.:** \$15,616  
**TOTAL:** \$25,276

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry exterior construction with 1,092 square feet of living area. The dwelling is approximately 117 years old. Features of the home include a full unfinished basement. The property has a 2,760 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar class 2-03 dwellings of masonry exterior construction ranging in size from 1,169 to 1,745 square feet of living area. The dwellings range in age from 59 to 96 years old. The comparables have full basements, one of which has finished area. Three

each have central air conditioning. Three comparables each have a two-car garage. The comparables have improvement assessments ranging from \$9,720 to \$14,012 or from \$8.03 to \$8.57 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$9,042 or \$8.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,927. The subject property has an improvement assessment of \$19,267 or \$17.64 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with one-story dwellings of masonry exterior construction ranging in size from 1,034 to 1,094 square feet of living area. The dwellings range in age from 118 to 139 years old. Each comparable has a full unfinished basement. Three comparables have either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$13,728 to \$16,331 or from \$13.00 to \$14.93 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #2 due to their larger dwelling sizes and/or dissimilar ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #3 and #4 as they are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation and most features, except two of the comparables have garages which the subject lacks suggesting downward adjustments are necessary to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$14,464 to \$16,331 or from \$13.78 to \$14.93 per square foot of living area. The subject's improvement assessment of \$19,267 or \$17.64 per square foot of living area falls above the range established by the best comparables in this record and is not supported. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
