

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Campos  
DOCKET NO.: 17-40061.001-R-1  
PARCEL NO.: 19-23-102-011-0000

The parties of record before the Property Tax Appeal Board are Maria Campos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,580  
**IMPR.:** \$12,904  
**TOTAL:** \$18,484

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story multi-family building of frame exterior construction with 2,112 square feet of building area. The building is approximately 112 years old. Features of the building include a full unfinished basement and a 2-car garage. The property has a 6,200 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story multi-family buildings of frame or masonry exterior construction ranging in size from 2,256 to 3,096 square feet of building area. The dwellings

range in age from 59 to 99 years old. The comparables have full basements, two of which have apartments. Two comparables have central air conditioning. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$10,473 to \$14,872 or from \$4.51 to \$4.80 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$9,821 or \$4.65 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,484. The subject property has an improvement assessment of \$12,904 or \$6.11 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story multi-family buildings of frame exterior construction ranging in size from 1,715 to 2,018 square feet of building area. The comparables range in age from 91 to 117 years old. The comparables have full basements, three of which have finished area. One comparable has central air conditioning. Each comparable has a 1.5-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$12,850 to \$14,939 or from \$7.14 to \$8.07 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #1 due to their dissimilar ages and/or dissimilar building sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2, #3 and #4 as they are most similar to the subject in location, design, exterior construction, age, building size and some features, except two comparables have finished basement areas which the subject lacks suggesting downward adjustments may be required to make them more equivalent to the subject. The best comparables have improvement assessments ranging from \$7.14 to \$7.42 per square foot of building area. The subject's improvement assessment of \$6.11 per square foot of building area falls below the range established by the best comparables in this record. After considering adjustments for differences from the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
