

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Heckman
DOCKET NO.: 17-40075.001-R-1
PARCEL NO.: 20-11-108-004-0000

The parties of record before the Property Tax Appeal Board are James Heckman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,308
IMPR.: \$94,681
TOTAL: \$147,989

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 6,229 square feet of living area. The dwelling is approximately 117 years old. Features of the home include a full basement with finished area, central air conditioning and three fireplaces. The property has a 16,154 square foot site located in Chicago, Hyde Park Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-09 dwellings of masonry exterior construction ranging in size from 5,712 to 6,883 square feet of living area. The dwellings range in age from

107 to 110 years old. Each comparable has a full unfinished basement. One comparable has central air conditioning. Two comparables have either one or three fireplaces and a one-car or a four-car garage. The comparables have improvement assessments ranging from \$55,521 to \$84,956 or \$9.72 and \$12.34 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$71,447 or \$11.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,844. The subject property has an improvement assessment of \$97,536 or \$15.66 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with four, 1.5-story and four, 2-story dwellings of frame masonry or frame and masonry exterior construction ranging in size from 1,110 to 6,776 square feet of living area. The dwellings range in age from 93 to 127 years old. The comparables have full basements, two of which have finished area. Three comparables have central air conditioning. Five comparables have one to three fireplaces. Three comparables have a one-car to a four-car garage. The comparables have improvement assessments ranging from \$20,679 to \$165,622 or from \$14.81 to \$26.53 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eleven suggested comparables for the Board's consideration. The Board gives less weight to the board of review's comparables #3, #5, #6, #7 and #8 due to their smaller dwelling sizes and/or dissimilar designs when compared to the subject. The Board finds the best evidence of assessment equity to be the parties' remaining comparables as they are similar to the subject property in location, design, exterior construction, age, dwelling size and most features, except four of the comparables have garages which the subject lacks suggesting downward adjustments may be necessary to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$55,521 to \$108,699 or from \$9.72 to \$18.15 per square foot of living area. The subject's improvement assessment of \$97,536 or \$15.66 per square foot of living area falls within the range established by the comparables in this record. However, the assessment appears to be excessive since it lacks a garage when compared to the best comparables in the record. After considering adjustments to the comparables for differences to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
