

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Lucic
DOCKET NO.: 17-40099.001-R-1
PARCEL NO.: 04-35-107-059-0000

The parties of record before the Property Tax Appeal Board are John Lucic, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,519
IMPR.: \$57,570
TOTAL: \$64,089

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,139 square feet of living area. The dwelling is approximately 9 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 2.5-car garage. The property has a 5,795 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-95 dwellings of masonry exterior construction ranging in size from 1,812 to 2,196 square feet of living area. Each dwelling is 9 years old and has a partial

basement with finished area, central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments that range from \$42,618 to \$51,650 or \$23.52 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$50,309 or \$23.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,089. The subject property has an improvement assessment of \$57,570 or \$26.91 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with a one-story dwelling, a multi-level dwelling and two, two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 805 to 2,538 square feet of living area. The dwellings are either class 2-95, class 2-78 or class 2-34 properties that range in age from 9 to 53 years old. The comparables each have a full or partial basement with two having finished area. Each comparable has central air conditioning. Three comparables each have either one or two fireplaces and a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$21,868 to \$74,541 or from \$26.91 to \$33.78 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided seven suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to appellant's comparable #1 due to its smaller dwelling size when compared to the subject dwelling. The Board gives reduced weight to board of review comparables #1, #3 and #4 which differ from the subject in dwelling size, age, design and/or their lack of features such as a finished basement and a garage. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3, along with board of review comparable #2. These comparables are most similar to the subject in dwelling size, design, age and features, except the appellant's comparables each have a smaller basement and a smaller garage when compared to the subject. The comparables have improvement assessments of \$23.52 and \$26.91 per square foot of living area. Most weight is given to board of review comparable #2 with an improvement assessment of \$26.91 per square foot of living area, as it is identical to the subject in dwelling size, design, age, and has a full basement with finished area and a 2.5-car garage like the subject. The subject has an improvement assessment of \$26.91 per square foot of living area. After considering adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is

supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
