

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Eschenbach
DOCKET NO.: 17-40118.001-R-1
PARCEL NO.: 04-33-111-012-0000

The parties of record before the Property Tax Appeal Board are James Eschenbach, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,975
IMPR.: \$38,995
TOTAL: \$48,970

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,708 square feet of living area. The dwelling is approximately 41 years old. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and a two-car garage. The property has a 9,975 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,264 to 3,044 square feet of living area. The dwellings are 44 or 54 years

old. Each comparable has an unfinished partial basement, central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments that range from \$28,074 to \$38,537 or from \$12.33 to \$12.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$33,742 or \$12.46 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,970. The subject property has an improvement assessment of \$38,995 or \$14.40 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 2,646 to 2,764 square feet of living area. The dwellings range in age from 32 to 44 years old. The comparables each have a full or partial basement with one having finished area, three comparables have central air conditioning and each comparable has a fireplace and a two-car garage. The comparables have improvement assessments that range from \$43,093 to \$48,730 or from \$16.29 to \$17.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided seven suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to appellant's comparables #2 and #3 due to their dissimilar dwelling sizes and/or older age when compared to the subject dwelling. The Board gives reduced weight to board of review comparable #4 as it lacks central air conditioning, a feature the subject enjoys, and it has a finished basement in contrast to the subject's unfinished basement. The Board finds the best evidence of assessment equity to be the appellant's comparable #1, along with board of review comparables #1, #2 and #3. These comparables are most similar to the subject in dwelling size, design, age and features. The comparables have improvement assessments that range from \$34,117 to \$48,274 or from \$12.33 to \$17.47 per square foot of living area. The subject's improvement assessment of \$38,995 or \$14.40 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
