

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeannie and Charles Chiang  
DOCKET NO.: 17-40122.001-R-1  
PARCEL NO.: 04-28-103-035-0000

The parties of record before the Property Tax Appeal Board are Jeannie and Charles Chiang, the appellants, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,610  
**IMPR.:** \$67,658  
**TOTAL:** \$79,268

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,994 square feet of living area. The dwelling is approximately 21 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 10,800 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of frame and masonry exterior construction, each with 3,994 square feet of living area. The dwellings range in age from 18 to 22 years old.

Each comparable has a full basement, two of which have finished area. Each comparable has central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments that range from \$59,529 to \$66,021 or from \$14.90 to \$16.53 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$61,867 or \$15.49 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,268. The subject property has an improvement assessment of \$67,658 or \$16.94 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-08 dwellings of frame and masonry exterior construction ranging in size from 3,994 to 4,493 square feet of living area. The dwellings range in age from 16 to 25 years old. The comparables each have a full basement, one of which has finished area. Each comparable has central air conditioning, one or two fireplaces and either a two-car or a three-car garage. The comparables have improvement assessments that range from \$69,419 to \$106,855 or from \$17.20 to \$23.78 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided seven suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to appellants' comparables #1 and #2, as well as board of review comparable #4 as each dwelling has a finished basement in contrast to the subject's unfinished basement. The Board finds the best evidence of assessment equity to be appellants' comparable #3, along with board of review comparables #1, #2 and #3. These comparables are most similar, if not identical, to the subject in dwelling size, design, age and features. The comparables have improvement assessments that range from \$66,021 to \$82,595 or from \$16.53 to \$20.50 per square foot of living area. The subject's improvement assessment of \$67,658 or \$16.94 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
