

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Guy Edelman
DOCKET NO.: 17-40136.001-R-1
PARCEL NO.: 04-35-406-003-0000

The parties of record before the Property Tax Appeal Board are Guy Edelman, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,740
IMPR.: \$72,014
TOTAL: \$91,754

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,660 square feet of living area. The dwelling is approximately 63 years old. Features of the home include an unfinished full basement, central air conditioning and a two-car garage. The property has an 18,800 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of frame and masonry exterior construction ranging in size from 3,079 to 4,160 square feet of living area. The dwellings are 75 or 78 years

old. Each comparable has an unfinished partial basement, one comparable has central air conditioning, two comparables each have one or two fireplaces and each comparable has either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$51,286 to \$78,957 or from \$16.66 to \$18.98 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$66,466 or \$18.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,754. The subject property has an improvement assessment of \$72,014 or \$19.68 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 3,440 to 4,137 square feet of living area. One comparable is a class 2-06 property and three comparables are class 2-08 properties. The dwellings range in age from 4 to 77 years old. The comparables each have a full or partial basement, three of which are finished as a formal recreation room. Each comparable has central air conditioning, one to three fireplaces and either a two-car, a three-car or a four-car garage. The comparables have improvement assessments that range from \$85,578 to \$110,996 or from \$24.88 to \$28.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided seven suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds none of the comparables are truly similar to the subject due to significant differences in age and/or dwelling size. Nevertheless, the Board gives less weight to appellant's comparable #1 due to its smaller dwelling size when compared to the subject. The Board gives reduced weight to board of review comparables #2, #3 and #4 due to their considerably newer ages when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3, along with board of review comparable #1. These comparables are relatively similar to the subject in dwelling size and design but the dwellings are older in age and have features with varying degrees of similarity when compared to the subject dwelling. The comparables have improvement assessments that range from \$64,895 to \$85,578 or from \$18.84 to \$24.88 per square foot of living area. The subject's improvement assessment of \$72,014 or \$19.68 per square foot of living area falls within the range established by the best comparables in this

record. After considering adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
