

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wayne Glover
DOCKET NO.: 17-40146.001-R-1
PARCEL NO.: 04-30-408-004-0000

The parties of record before the Property Tax Appeal Board are Wayne Glover, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,521
IMPR.: \$31,195
TOTAL: \$41,716

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,576 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a crawl space foundation, central air conditioning, a fireplace and a 1.5-car garage. The property has a 10,020 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,243 to 3,560 square feet of living area. The dwellings range in age from

31 to 58 years old. Each dwelling has a full or partial basement with two having finished area. Two comparables have central air conditioning, two comparables each have one fireplace and a each comparable has either a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$20,997 to \$33,498 or from \$9.30 to \$9.41 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$24,111 or \$9.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,716. The subject property has an improvement assessment of \$31,195 or \$12.11 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,227 to 2,826 square feet of living area. The dwellings are either 58 or 62 years old. One comparable has a crawl space foundation and three comparables have full or partial basements with one having finished area. Each comparable has central air conditioning and a 1-car to a 3-car garage. Three comparables have one fireplace each. The comparables have improvement assessments that range from \$31,067 to \$37,388 or from \$13.23 to \$15.11 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided seven suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to appellant's comparables, as well as board of review comparable #3 due to their considerably larger dwelling sizes, newer ages and/or finished basement area when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4. These comparables are relatively similar to the subject in dwelling size, design and age but have varying degrees of similarity in features when compared to the subject. The comparables have improvement assessments that range from \$34,821 to \$37,388 or \$13.23 and \$15.11 per square foot of living area. The subject's improvement assessment of \$31,195 or \$12.11 per square foot of living area is below the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the board finds the subject's assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
