

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Noll
DOCKET NO.: 17-40237.001-R-1
PARCEL NO.: 14-32-210-039-0000

The parties of record before the Property Tax Appeal Board are Steven Noll, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,891
IMPR.: \$82,491
TOTAL: \$101,382

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry exterior construction with 3,642 square feet of living area. The dwelling is approximately 127 years old. Features of the home include a full unfinished basement, central air conditioning, three fireplaces and a two-car garage. The property has a 2,099 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables were improved with class 2-10 dwellings of masonry exterior construction that are 91 years old. Each comparable has a full unfinished basement and one fireplace. The dwellings range in size from 3,193 to 4,194 square feet of living area and have improvement assessments ranging from \$63,567 to \$84,525 or from \$16.76 to \$20.15 per square foot of living area. Based

on this evidence, the appellant requested that the improvement assessment be reduced to \$68,979 or \$18.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$101,382. The subject property has an improvement assessment of \$82,491 or \$22.65 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and within ¼ of a mile from the subject. The comparables were improved with three-story class 2-10 dwellings of masonry exterior construction that range in size from 3,339 to 3,760 square feet of living area and are 91 years old. Each comparable has a full basement with two having finished area. One comparable has central air conditioning and each comparable has either one or two fireplaces. The comparables have improvement assessments that range from \$76,033 to \$86,471 or from \$22.77 to \$23.09 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with the board of review comparable #4 for these comparables are larger or smaller in dwelling size when compared to the subject.

The Board finds that the best evidence of assessment equity is the board of review comparables #1, #2 and #3. These comparables have varying degrees of similarity when compared to the subject in dwelling size, and some features. These comparables have improvement assessments ranging from \$84,602 to \$86,471 or from \$23.00 to \$23.09 per square foot of living area. The subject property has an improvement assessment of \$82,491 or \$22.65 per square foot of living area, which falls below the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
