| DOCKET NO.: | 17-40246.001-R-1 |

The parties of record before the Property Tax Appeal Board are Joanne Nemerovski, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>No Change</u> in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

| LAND: | \$30,240 |
|--------|-----------|
| IMPR.: | \$104,508 |
| TOTAL: | \$134,748 |

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property was described as a two-story multi-family building of masonry exterior construction with 4,731 square feet of living area. The building is approximately 20 years old. Features of the building include a full basement with an apartment, central air conditioning, two fireplaces, and a 3-car garage. The property has a 3,360 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables were improved with class 2-11 multi-family buildings of masonry exterior construction that range in age from 98 to 114 years old. The buildings range in size from 4,599 to 6,878 square feet of building area. Each comparable has a full basement with one comparable having a finished recreation room and one comparable has an apartment. Two comparables have

central air conditioning, one comparable has two fireplaces and each comparable has either a 2car or a 3-car garage. The comparables have improvement assessments ranging from \$71,928 to \$110,695 or from \$13.92 to \$16.20 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$72,148 or \$15.25 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,748. The subject property has an improvement assessment of \$104,508 or \$22.09 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and within ¼ of a mile from the subject. The comparables were improved with three-story class 2-08 dwellings of masonry exterior construction that range in size from 4,534 to 4,740 square feet of building area and are either 10 or 13 years old. Each comparable has a full basement with three comparables having formal recreational rooms, central air conditioning, two or three fireplaces, and either a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$202,635 to \$318,661 or from \$42.75 to \$70.28 per square foot of building area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the board of review comparables for these comparables are class 2-08 when compared to the subject's class 2-11.

The Board finds the appellant's comparables are similar to the subject in location and design but have varying degrees of similarity to the subject in building size, and/or other features. Nevertheless, these comparables have improvement assessments ranging from \$71,928 to \$110,695 or from \$13.92 to \$16.20 per square foot of building area. The subject's improvement assessment of \$104,508 or \$22.09 per square foot of building area falls within the range established by the comparables in the record on an overall basis and higher on a per square foot basis which appears to be logical given the subject's superior amenities such as substantially younger age and smaller building size. Based on the evidence in this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
