

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sarp & Janet Uzan
DOCKET NO.: 17-40283.001-R-1
PARCEL NO.: 04-24-102-039-0000

The parties of record before the Property Tax Appeal Board are Sarp & Janet Uzan, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,136
IMPR.: \$91,171
TOTAL: \$117,307

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property was described as a two-story dwelling of masonry exterior construction with 5,082 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 43,560 square foot site and is located in Northfield, Northfield Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellants submitted information on three equity comparables located in the same neighborhood code as the subject. The comparables were improved with class 2-09 dwellings of masonry exterior construction that range in age from 16 to 78 years old. Each comparable has either a full or a partial basement with one comparable having finished rec room, central air conditioning, two to four fireplaces and a garage ranging from a 2.5-car to a 4-car. The dwellings range in size from 5,141 to 6,051

square feet of living area and have improvement assessments ranging from \$81,228 to \$99,669 or from \$15.80 to \$16.94 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$83,345 or \$16.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$117,307. The subject property has an improvement assessment of \$91,171 or \$17.94 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and within ¼ of a mile from the subject. The comparables were improved with two-story class 2-09 dwellings of masonry or frame exterior construction that range in size from 5,132 to 5,670 square feet of living area and range in age from 36 to 59 years old. Three comparables have either a full or a partial basement, one comparable has a finished recreational room and one comparable has a crawl-space foundation. Each comparable has central air conditioning, two or three fireplaces, and either a 2-car garage or a 3-car garage. The comparables have improvement assessments that range from \$98,946 to \$103,478 or from \$18.25 to \$19.98 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #2 along with the board of review comparables #2 and #4 for these comparables being dissimilar in age and/or dwelling size when compared to the subject.

The Board finds that the best evidence of assessment equity is the appellant's comparable #3 along with the board of review comparables #1 and #3. These comparables have varying degrees of similarity when compared to the subject in dwelling size, age, and some features. These comparables have improvement assessments ranging from \$87,173 to \$103,478 or from \$16.94 to \$28.29 per square foot of living area. The subject property has an improvement assessment of \$91,171 or \$17.94 per square foot of living area, which falls within the range of the best comparables contained in this record. Based on this record, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
