

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael & Abigail Roos  
DOCKET NO.: 17-40293.001-R-1  
PARCEL NO.: 04-35-300-014-0000

The parties of record before the Property Tax Appeal Board are Michael & Abigail Roos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,406  
**IMPR.:** \$76,014  
**TOTAL:** \$85,420

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,618 square feet of living area. The dwelling is approximately 19 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a two-car garage. The property has an 8,750 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,728 to 3,550 square feet of living area. The dwellings are 30 or 62 years

old. Each comparable has a full basement with one having finished area, central air conditioning, one fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$46,540 to \$60,479 or from \$16.06 to \$17.07 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$60,529 or \$16.73 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$85,420. The subject property has an improvement assessment of \$76,014 or \$21.01 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-78, two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,528 to 2,948 square feet of living area. The dwellings range in age from 1 to 11 years old. Each comparable has a full basement with one having finished area, central air conditioning, one fireplace, and either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$54,681 to \$69,042 or from \$21.63 to \$24.80 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration, none of which are truly similar to the subject property due to dissimilarities in the dwellings' ages and/or sizes when compared to the subject. Nevertheless, the parties comparables have improvement assessments ranging from \$16.06 to \$24.80 per square foot of living area. The subject's improvement assessment of \$21.01 per square foot of living area falls within the range of the comparables in this record on a per-square-foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
