

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hemendra & Nilima Patel
DOCKET NO.: 17-40307.001-R-1
PARCEL NO.: 04-20-201-040-0000

The parties of record before the Property Tax Appeal Board are Hemendra & Nilima Patel, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,416
IMPR.: \$60,834
TOTAL: \$72,250

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,130 square feet of living area. The dwelling is approximately 29 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a 3-car garage. The property has a 10,873 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-08 dwellings of masonry exterior construction ranging in size from 4,338 to 4,573 square feet of living area. The comparables range in age from 25 to 41

years old. Each comparable has a partial or a full unfinished basement, one or two fireplaces, and a 2.5-car or a 3-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$54,519 to \$60,527 or from \$11.92 to \$13.73 per square foot of living area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced to \$53,897 or \$13.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,250. The subject property has an improvement assessment of \$60,834 or \$14.73 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code, the same block and the same street as the subject property. The comparables are improved with class 2-08, two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 4,076 to 4,485 square feet of living area. The comparables are 25 or 29 years old. Each comparable has a full unfinished basement, central air conditioning, one or two fireplaces, and a 3-car garage. The comparables have improvement assessments ranging from \$61,507 to \$68,127 or from \$15.09 to \$15.91 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The board gives less weight to the appellants' comparables due to their location, age, and/or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are located on the same block and the same street as the subject. Additionally, these comparables are most similar to the subject in design, age and/or dwelling size, foundation, and other features. These three comparables have improvement assessments ranging from \$61,507 to \$68,127 or from \$15.09 to \$15.91 per square foot of living area. The subject's improvement assessment of \$60,834 or \$14.73 per square foot of living area falls below the improvement assessments of the best comparables in this record. Based on this record, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
