

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Simmons
DOCKET NO.: 17-41048.001-R-1
PARCEL NO.: 25-14-102-044-0000

The parties of record before the Property Tax Appeal Board are Simmons, the appellant(s), by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,643
IMPR.: \$13,539
TOTAL: \$16,182

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 137-year-old, three-story, building of masonry construction containing 2,442 square feet of gross building area. Features of the subject include a full unfinished basement. The property is situated on 2,643 square feet of land in Chicago, Hyde Park Township, Cook County. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased on July 26, 2013, for \$45,000. The subject's sale price reflects a market value of \$18.43 per square foot of gross building area including land. The appellant also submitted a Warranty Deed and a copy of the

Board's decision in docket number 15-34865, which was based on an agreement between the parties and memorialized as a stipulation. The appellant provided information in Section IV—Recent Sale Data of the Residential Appeal that the subject was not transferred between related parties; was advertised and sold by a realtor; and was sold in settlement of a contract for deed. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2017 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,182. The subject's assessment reflects a market value of \$161,820, or \$66.27 per square foot when applying the 2017 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sales.

In rebuttal, the appellant argued that the comparable properties submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave little weight to the subject's July 2013 sale because it did not occur proximately in time to the assessment date at issue. The appellant did not submit other evidence to prove by a preponderance of the evidence that the subject was overvalued. In contrast, the board of review submitted four suggested sale comparable properties that were similar with the subject property. They were sold from 2015 through 2017 and ranged from \$98.23 to \$227.73 per square foot of gross living area including land. The subject's assessment was \$66.27 per square foot, which was below the range set by the board of review's comparable properties. Further, the Board's 2015 decision, submitted by the appellant, is not relevant to the lien year since there was no argument made and evidence submitted that the subject was owner-occupied and, therefore, qualified for a rollover of the 2015 assessment. Consequently, an assessment reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
