

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: SFR CHI I, LLC
DOCKET NO.: 17-41521.001-R-1
PARCEL NO.: 29-22-203-005-0000

The parties of record before the Property Tax Appeal Board are SFR CHI I, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,348
IMPR.: \$7,528
TOTAL: \$10,876

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,107 square feet of living area. The dwelling is 62 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, and a two-car garage. The property has an 8,372 square foot site and is located in South Holland, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject. The comparables are similar class 2-03 dwellings of frame exterior construction with 1,092 or 1,406 square feet of living area. The dwellings range in age from 52 to 80 years old and have partial or

full unfinished basements. One comparable has central air conditioning, one comparable has a fireplace, and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$94 to \$2,745 or from \$0.09 to \$1.95 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$1,384, or \$1.25 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,876. The subject property has an improvement assessment of \$7,528 or \$6.80 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are similar class 2-03, one-story dwellings of frame exterior construction ranging in size from 1,044 to 1,222 square feet of living area. The dwellings range in age from 56 to 60 years old and have full basements with two having finished area. Three comparables each have central air conditioning, and each comparable has a two-car garage. The comparables have improvement assessments ranging from \$8,084 to \$9,140 or from \$7.48 to \$7.74 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparable #1 due to the dwelling's older age and the board of review comparables #1 and #4 due to the dwellings' finished basements when compared to the subject. Less weight is also given by the Board to the appellant's comparable #2 as its assessment appears to be an outlier relative to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables because they are similar to the subject in location, design, exterior construction, age, dwelling size, foundation, and other amenities. These three comparables have improvement assessments ranging from \$1,881 to \$9,140 or from \$1.72 to \$7.59 per square foot of living area. The subject's improvement assessment of \$7,528 or \$6.80 per square foot of living area falls within the range established by the most similar comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
