

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: SFR CHI I, LLC
DOCKET NO.: 17-41523.001-R-1
PARCEL NO.: 29-15-213-002-0000

The parties of record before the Property Tax Appeal Board are SFR CHI I, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,397
IMPR.: \$4,950
TOTAL: \$7,347

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,120 square feet of living area. The dwelling is approximately 60 years old and has a full unfinished basement. Other features include central air conditioning and a 1-car garage. The property has a 6,850 square foot site and is located in South Holland, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,181 to 1,322 square feet of living area. The

dwellings range in age from 56 to 65 years old. Three comparables each have concrete slab or crawl space foundations, and one comparable has a full unfinished basement. Each comparable has either a 1-car, a 1.5-car, or a 2-car garage. One comparable has a fireplace. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$1,066 to \$3,364 or from \$0.86 to \$2.54 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$1,971 or \$1.76 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,347. The subject property has an improvement assessment of \$4,950 or \$4.42 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject. The comparables are improved with similar class 2-03 dwellings of masonry exterior construction ranging in size from 1,082 to 1,170 square feet of living area. The dwellings are each 61 years old and have full unfinished basements. One comparable has central air conditioning. One comparable has one fireplace. Each comparable has either a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$6,055 to \$6,826 or from \$5.54 to \$5.88 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling size or lack of a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are located on the same block as the subject property and have overall property characteristics very similar to the subject property. These four comparables have improvement assessments ranging from \$6,055 to \$6,826 or from \$5.54 to \$5.88 per square foot of living area. The subject's improvement assessment of \$4,950 or \$4.42 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
