

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: CHI 2 SF, LLC
DOCKET NO.: 17-41545.001-R-1
PARCEL NO.: 29-32-310-093-0000

The parties of record before the Property Tax Appeal Board are CHI 2 SF, LLC, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,962
IMPR.: \$8,739
TOTAL: \$11,701

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,257 square feet of living area. The dwelling is approximately 63 years old. Features of the home include a partial unfinished basement and a 2-car garage. The property has a 9,116 square foot site and is located in Homewood, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with similar class 2-03 dwellings of frame or frame and masonry exterior construction ranging in size from 1,235 to 1,477 square feet of living area. The

dwelling range in age from 59 to 66 years old. Two comparables each have a crawl space foundation, and two comparables each have a partial or a full finished basement. Three comparables each have central air conditioning. One comparable has a fireplace. Each comparable has either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$6,179 to \$7,211 or from \$4.88 to \$5.13 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$6,260 or \$4.98 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,701. The subject property has an improvement assessment of \$8,739 or \$6.95 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with similar class 2-03 dwellings of frame exterior construction ranging in size from 1,016 to 1,135 square feet of living area. The dwellings range in age from 61 to 80 years old. Each comparable has a full basement with two having finished area and either a 1.5-car, a 2-car, or a 2.5-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$8,519 to \$9,062 or from \$7.98 to \$8.51 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 because they lack a basement, unlike the subject. The Board also gives less weight to the board of review's comparables #2 and #3 due to the dwelling's older age or smaller dwelling size when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 as well as the board of review comparables #1 and #4. These comparables are similar to the subject in location, design, age, dwelling size, and like the subject, have a basement. These four comparables have improvement assessments ranging from \$6,350 to \$9,062 or from \$4.90 to \$8.15 per square foot of living area. The subject's improvement assessment of \$8,739 or \$6.95 per square foot of living area falls within the range of the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
