

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vikram Patel
DOCKET NO.: 17-41632.001-R-1
PARCEL NO.: 10-27-300-027-0000

The parties of record before the Property Tax Appeal Board are Vikram Patel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,944
IMPR.: \$48,367
TOTAL: \$57,311

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,356 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has a 10,842 square foot site located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of masonry exterior construction ranging in size from 3,224 to 3,774 square feet of living area. The dwellings range in age from 10 to 62

years old. Two comparables have full unfinished basements and one comparable has a concrete slab foundation. Each comparable has central air conditioning and a 2-car or a 2.5-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$39,489 to \$49,028 or from \$11.87 to \$12.99 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$41,782 or \$12.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$57,311. The subject property has an improvement assessment of \$48,367 or \$14.41 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction with either 3,204 or 3,356 square feet of living area. The dwellings are each 16 years old. Each comparable has a full unfinished basement, central air conditioning, one fireplace and a two-car garage. The comparables have improvement assessments ranging from \$47,230 to \$51,242 or from \$14.74 to \$15.27 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their lack of a basement, larger dwelling size and/or older ages when compared to the subject.

The board finds the best evidence of assessment equity to be the board of review's comparables as they are most similar to the subject in location, design, exterior construction, age, dwelling size, foundation basement and varying degrees of similarity to the subject in other features. The best comparables have improvement assessments ranging from \$47,230 to \$51,242 or from \$14.74 to \$15.27 per square foot of living area. The subject's improvement assessment of \$48,367 or \$14.41 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement assessment basis but below on a per square foot basis. Additionally, the subject's improvement assessment is further supported by comparables #1, #2 and #3 which have identical or nearly identical features to the subject with improvement assessments ranging from \$49,985 to \$51,242 or from \$14.89 to \$15.27 per square foot of living area. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
