

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Developer One, LLC
DOCKET NO.: 17-41679.001-R-1
PARCEL NO.: 29-02-321-014-0000

The parties of record before the Property Tax Appeal Board are Developer One, LLC, the appellant, by attorney Gregory P. Diamantopoulos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,736
IMPR.: \$5,761
TOTAL: \$7,497

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,034 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a basement with finished area, central air conditioning and a 2-car garage. The property has a 4,960 square foot site and is located in Dolton, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03 dwellings of masonry exterior construction that range in size from 1,034 to 1,120 square feet of living area. The homes are 61 or 62 years old. Each

comparable has a basement, two with finished area. Two comparables each have central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$4,423 to \$5,276 or from \$4.08 to \$5.10 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$4,808 or \$4.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,497. The subject property has an improvement assessment of \$5,761 or \$5.57 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood as the subject property. The comparables are improved with one-story class 2-03 dwellings of masonry exterior construction that range in size from 1,022 to 1,105 square feet of living area. The homes range in age from 54 to 62 years old. Each comparable has a basement, one with finished area and from a 1.5-car to a 2.5-car garage. Three comparables have central air conditioning. The comparables have improvement assessment that range from \$7,077 to \$10,352 or from \$6.47 to \$9.49 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #3 and #4 along which lack a garage in contrast to the subject's 2-car garage.

The Board finds the best evidence of assessment equity to be the remaining comparables which are similar to the subject in location, age, design, dwelling size and most features. Three of these best comparables have unfinished basement, suggesting an upward adjustment to make them more equivalent to the subject. These comparables had improvement assessments that ranged from \$4,423 to \$10,352 or from \$4.08 to \$9.49 per square foot of living area. The subject's improvement assessment of \$5,761 or \$5.57 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
