

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Horizon One, LLC
DOCKET NO.: 17-41680.001-R-1
PARCEL NO.: 29-11-307-042-0000

The parties of record before the Property Tax Appeal Board are Horizon One, LLC, the appellant, by attorney Gregory P. Diamantopoulos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,120
IMPR.: \$17,910
TOTAL: \$20,030

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,952 square feet of living area. The dwelling is approximately 46 years old. Features of the home include a concrete slab foundation. The property has a 6,058 square foot site and is located in Dolton, Thornton Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code and within 0.6 of a mile of the subject property. The comparables were improved with similar class 2-11 dwellings of masonry or frame and masonry exterior construction that contain either 3,651 or 3,952 square feet of living area. The comparables range in age from 46 to 55 years old. Each comparable has a concrete

slab foundation. The comparables have improvement assessments ranging from \$13,393 to \$14,604 or from \$3.39 to \$4.00 per square foot of living area. The appellant requested the improvement assessment be reduced to \$13,393 or \$3.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,030. The subject property has an improvement assessment of \$17,910 or \$4.53 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code or the same block and within ¼ of a mile from the subject property. The comparables were improved with similar class 2-11 two-story dwellings of masonry exterior construction that contain either 3,952 or 3,990 square feet of living area. The comparables are 46 or 57 years old. Three comparables have a concrete slab foundation and one comparable has a full basement with finished area. One comparable has a 2.5-car garage. The comparables have improvement assessments ranging from \$17,910 to \$18,932 or from \$4.53 to \$4.74 per square foot of living area. The board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2, #3 and #4 along with the board of review's comparable #4 as these comparables differ in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 along with the board of review comparables #1, #2 and #3. These comparables are identical to the subject in dwelling size, age and some features. These comparables had improvement assessments that ranged from \$13,393 to \$18,162 or from \$3.39 to \$4.60 per square foot of living area. The subject's improvement assessment of \$17,910 or \$4.53 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
