

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Horizon One, LLC
DOCKET NO.: 17-41683.001-R-1
PARCEL NO.: 29-11-425-010-0000

The parties of record before the Property Tax Appeal Board are Horizon One, LLC, the appellant, by attorney Gregory P. Diamantopoulos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,088
IMPR.: \$14,604
TOTAL: \$16,692

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,651 square feet of living area. The dwelling is approximately 54 years old. Features of the home include a concrete slab foundation. The property has a 5,967 square foot site and is located in Dolton, Thornton Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood code. The comparables were improved with similar class 2-11 dwellings of masonry exterior construction that contain 3,651 square feet of living area. The comparables are either 54 or 55 years old. Each comparable has a concrete slab foundation. The comparables have improvement assessments of \$14,567 and \$14,604 or \$3.99

and \$4.00 per square foot of living area. The appellant requested the improvement assessment be reduced to \$14,604 or \$4.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,879. The subject property has an improvement assessment of \$16,791 or \$4.60 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables were improved with similar class 2-11 two-story dwellings of masonry exterior construction that range in size from 2,891 to 4,063 square feet of living area. The comparables range in age from 42 to 58 years old. Each comparable has a partial or full basement with two comparables having finished area or an apartment, one comparable has central air conditioning, one comparable has three fireplaces and three comparables have garages ranging from a 2-car to a 3.5-car. The comparables have improvement assessments ranging from \$16,424 to \$20,612 or from \$5.07 to \$5.87 per square foot of living area. The board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to the board of review's comparables as these comparables differ in dwelling size/foundation and/or some features when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are identical to the subject in dwelling size and features along with being similar in age. These comparables had improvement assessments of \$14,567 and \$14,604 or \$3.99 and \$4.00 per square foot of living area. The subject's improvement assessment of \$16,791 or \$4.60 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
