

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Mrozek  
DOCKET NO.: 17-41685.001-R-1  
PARCEL NO.: 31-34-101-074-0000

The parties of record before the Property Tax Appeal Board are Jeff Mrozek, the appellant, by attorney Peter D. Verros, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,064  
**IMPR.:** \$7,537  
**TOTAL:** \$8,601

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 954 square feet of living area. The dwelling is approximately 32 years old. Features of the home include a full unfinished basement and a one-car garage. The property has a 1,936 square foot site and is located in Richton Park, Rich Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code and from 318 feet to 1.7 miles to the subject property. The comparables were improved with similar class 2-95 dwellings of frame or frame and masonry exterior construction that contain either 1,179 or 1,200 square feet of living area. The comparables are either 22 or 41 years old. Three comparables have a full unfinished

basement and one comparable has a concrete slab foundation. Each comparable has central air conditioning and one comparable has a one-car garage. The comparables have improvement assessments ranging from \$6,406 to \$9,002 or from \$5.34 to \$7.64 per square foot of living area. The appellant requested the improvement assessment be reduced to \$5,772 or \$6.05 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,601. The subject property has an improvement assessment of \$7,537 or \$7.90 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and on the same block as the subject property. The comparables are class 2-95 properties and improved with two-story dwellings of frame exterior construction that range in size from 968 to 1,079 square feet of living area. The comparables are 32 or 33 years old. Two comparables have a full unfinished basement and two comparables have a concrete slab foundation. Three comparables have central air conditioning and each comparable has a one-car garage. The comparables have improvement assessments ranging from \$8,522 to \$8,830 or from \$8.18 to \$8.82 per square foot of living area. The board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2 and #3 as the properties are 1.7 miles from the subject. The Board gave less weight to the appellant's comparable #4 along with the board of review comparables #1 and #4 based on their lack of a basement when compared to the subject's full basement.

The Board finds the best evidence of assessment equity to be the board of review comparables #2 and #3. These comparables had varying degrees of similarity in location, dwelling size, age and some features. These comparables had improvement assessments of \$8,830 and \$8,720 or \$8.18 and \$8.22 per square foot of living area, respectively. The subject's improvement assessment of \$7,537 or \$7.90 per square foot of living area falls below the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
