

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 9049 Bronx LLC  
DOCKET NO.: 17-41689.001-R-1  
PARCEL NO.: 10-16-413-046-0000

The parties of record before the Property Tax Appeal Board are 9049 Bronx LLC, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,654  
**IMPR.:** \$32,458  
**TOTAL:** \$36,112

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story multi-family building of masonry exterior construction with 3,312 square feet of living area. The building is approximately 67 years old. Features include four units, a full unfinished basement, and central air conditioning. The property has a 5,040 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code and from 0.3 of a mile to 1.7 miles from the subject property. The comparables were improved with similar class 2-11 multi-family buildings of masonry exterior construction that range in size from 3,323 to 3,464 square feet of living area.

The comparables range in age from 60 to 67 years old. Each comparable has three or four units, a full basement with two comparables having finished apartment and one comparable having finished with a rec room. One comparable has central air conditioning, one comparable has a fireplace and two comparables have either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$29,769 to \$30,242 or from \$8.60 to \$9.06 per square foot of living area. The appellant requested the improvement assessment be reduced to \$29,411 or \$8.88 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,112. The subject property has an improvement assessment of \$32,458 or \$9.80 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and within ¼ of a mile from the subject property. The comparables are class 2-11 properties and improved with a two-story multi-family building of masonry exterior construction that range in size from 3,471 to 3,652 square feet of living area. The comparables are either 64 or 65 years old. Each comparable has a full basement with one comparable having finished apartment. The comparables have improvement assessments ranging from \$36,416 to \$40,615 or from \$10.40 to \$11.12 per square foot of living area. The board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with the board of review comparable #2 as these comparables had a basement finish and/or were located over 1 mile from the subject property.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #3 and #4. These comparables have varying degrees of similarity when compared to the subject in location, building size, age and features. These comparables had improvement assessments that ranged from \$37,611 to \$40,615 or from \$10.40 to \$11.12 per square foot of living area. The subject's improvement assessment of \$32,458 or \$9.80 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
