

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Najat Enwia  
DOCKET NO.: 17-41690.001-R-1  
PARCEL NO.: 10-28-120-035-0000

The parties of record before the Property Tax Appeal Board are Najat Enwia, the appellant, by attorney Spiro Zarkos, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,596  
**IMPR.:** \$20,464  
**TOTAL:** \$24,060

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry exterior construction with 1,328 square feet of living area. The dwelling is approximately 61 years old. Features of the home include a full unfinished basement, central air conditioning and a two-car garage. The property has a 4,960 square foot site and is located in Skokie, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code and from 1.6 to 3.6 miles from the subject property. The comparables were improved with similar class 2-03 dwellings of frame, masonry or frame and masonry exterior construction that range in size from 1,015 to 1,643 square feet of

living area. The comparables range in age from 60 to 74 years old. Each comparable has a full basement with one comparable having finished area, three comparables have central air conditioning, each comparable has a fireplace and either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$6,158 to \$16,011 or from \$6.07 to \$10.35 per square foot of living area. The appellant requested the improvement assessment be reduced to \$11,979 or \$9.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,060. The subject property has an improvement assessment of \$20,464 or \$15.41 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and on the same block as the subject property. The comparables are class 2-03 properties and improved with one-story dwellings of masonry exterior construction that range in size from 1,146 to 1,359 square feet of living area. The comparables range in age from 59 to 61 years old. Each comparable has a full basement with one comparable having finished area, central air conditioning and either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$21,085 to \$25,423 or from \$15.87 to \$22.18 per square foot of living area. The board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables which were located from 1.6 to 3.6 miles from the subject property. The Board gave less weight to the board of review comparable #3 as this comparable has basement finish when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #4. These comparables have varying degrees of similarity when compared to the subject in location, dwelling size, age and features. These comparables had improvement assessments that ranged from \$21,202 to \$25,423 or from \$15.87 to \$22.18 per square foot of living area. The subject's improvement assessment of \$20,464 or \$15.41 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
