

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Mrozek
DOCKET NO.: 17-41700.001-R-1
PARCEL NO.: 31-27-316-001-0000

The parties of record before the Property Tax Appeal Board are Jeff Mrozek, the appellant, by attorney Peter D. Verros, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,275
IMPR.: \$5,735
TOTAL: \$8,010

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 775 square feet of living area. The dwelling is approximately 46 years old. Features of the home include a full basement with finished area, central air conditioning, and a 2-car garage. The property has an 8,273 square foot site and is located in Richton Park, Rich Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information and a property characteristic sheet on four equity comparables located in the same neighborhood code and from 0.3 to 0.7 of a mile from the subject property. The comparables are class 2-02 properties improved with one-story dwellings of frame exterior construction that range in size from 925 to

980 square feet of living area. The comparables are 46 years old. Each comparable has a concrete slab foundation, one comparable has central air conditioning, and each comparable has either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$5,017 to \$5,315 or \$5.42 and \$5.51 per square foot of living area. The appellant requested the improvement assessment be reduced to \$4,232 or \$5.46 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,010. The subject property has an improvement assessment of \$5,735 or \$7.40 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and either on the same block or within ¼ of a mile from the subject property. The comparables are class 2-02 properties improved with one-story dwellings of frame exterior construction that contain either 775 or 776 square feet of living area. The comparables are either 46 or 47 years old. Each comparable has a full basement with finished area, three comparables have central air conditioning, one comparable has a fireplace and each comparable has either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$6,534 to \$7,270 or from \$8.43 to \$9.37 per square foot of living area. The board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables as these properties were dissimilar in dwelling size. Furthermore, these comparables had a concrete slab foundation when compared to the subject's full basement with finished area.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables have varying degrees of similarity when compared to the subject in dwelling size, age and features. These comparables had improvement assessments that ranged from \$6,534 to \$7,270 or from \$8.43 to \$9.37 per square foot of living area. The subject's improvement assessment of \$5,735 or \$7.40 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
