

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cornerstone Capital, LLC  
DOCKET NO.: 17-41701.001-R-1  
PARCEL NO.: 31-36-105-022-0000

The parties of record before the Property Tax Appeal Board are Cornerstone Capital, LLC, the appellant, by attorney Peter D. Verros, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,331  
**IMPR.:** \$3,591  
**TOTAL:** \$5,922

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 1,140 square feet of living area. The dwelling is approximately 65 years old. Features of the home include a concrete slab foundation, a fireplace and a 1-car garage. The property has a 7,770 square foot site and is located in Park Forest, Rich Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted property characteristic sheets and a grid analysis on four equity comparables located in the same neighborhood code and within 1.2 miles of the subject property. The comparables are class 2-03 properties improved with one-story dwellings of frame and masonry exterior construction that range in size from 1,170 to

1,424 square feet of living area. The comparables are either 63 or 66 years old. Each comparable has a concrete slab foundation and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$2,867 to \$3,764 or from \$2.34 to \$2.64 per square foot of living area. The appellant requested the improvement assessment be reduced to \$2,873 or \$2.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,922. The subject property has an improvement assessment of \$3,591 or \$3.15 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and the same block as the subject property. The comparables are class 2-03 properties improved with one-story dwellings of frame exterior construction that range in size from 1,229 to 1,387 square feet of living area. The comparables are 66 years old. Each comparable has a concrete slab foundation, two comparables have a fireplace and each comparable has a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$3,965 to \$5,332 or from \$3.23 to \$3.99 per square foot of living area. The board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #3 along with the board of review comparables #3 and #4 as these comparables have a 1.5-car or a 2-car garage when compared to the subject's 1-car garage. Furthermore, appellant's comparable #3 is over 1 mile from the subject property.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 along with the board of review's comparables #1 and #2. These comparables have varying degrees of similarity when compared to the subject in location, dwelling size, age and features. These comparables had improvement assessments that ranged from \$2,892 to \$5,149 or from \$2.47 to \$3.99 per square foot of living area. The subject's improvement assessment of \$3,591 or \$3.15 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
