

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Zofakis  
DOCKET NO.: 17-42146.001-R-1  
PARCEL NO.: 04-28-105-003-0000

The parties of record before the Property Tax Appeal Board are Bill Zofakis, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$18,920  
**IMPR.:** \$54,806  
**TOTAL:** \$73,726

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,394 square feet of living area. The dwelling is approximately 22 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 2.5-car garage. The property has a 17,600 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within the same neighborhood code as the subject property. The comparables have sites ranging in size from 10,206 to 13,217 square feet of land area. The comparables are improved with similar class 2-78 dwellings of frame or frame and masonry exterior construction ranging in size from 3,101 to 3,749 square feet

of living area. The dwellings are 21 or 22 years old. Each comparable has a full or partial unfinished basement, central air conditioning, a fireplace and a 2-car or a 2.5-car garage. The properties sold from October 2015 to July 2016 for prices ranging from \$569,824 to \$785,100 or from \$183.75 to \$213.63 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$68,613, reflecting a market value of \$686,130 or \$202.16 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,726. The subject's assessment reflects a market value of \$737,260 or \$217.22 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within the same neighborhood code as the subject property and within the same block or one quarter of a mile from the subject. The comparables have sites ranging in size from 11,001 to 18,677 square feet of land area. The comparables are improved with similar class 2-78, two-story dwellings of frame or frame and masonry exterior construction ranging in size from 3,193 to 3,781 square feet of living area. Each dwelling is 22 years old. Each comparable has a full or partial basement with one having finished area. The comparables each have central air conditioning, a fireplace and a 2-car garage. The properties sold from July 2015 to October 2016 for prices ranging from \$785,000 to \$910,000 or from \$225.51 to \$257.12 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3, along with board of review comparables #2 and #3 as their sale dates occurred in 2015 which are somewhat dated and less likely to be indicative of the subject's market value as of the January 1, 2017 assessment date. The Board gives reduced weight to board of review comparable #1 as it has a finished basement, unlike the subject's unfinished basement.

The Board finds the best evidence of market value to be appellant's comparable sales #2 and #4, along with board of review comparable sale #4. These comparables are relatively similar to the subject in location, dwelling size, design, age and features. They sold from January to July 2016 for prices ranging from \$716,799 to \$910,000 or from \$200.05 to \$242.73 per square foot of

living area, including land. The subject's assessment reflects a market value of \$737,260 or \$217.22 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
