

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Stamatis
DOCKET NO.: 17-42149.001-R-1
PARCEL NO.: 04-20-303-028-0000

The parties of record before the Property Tax Appeal Board are Peter Stamatis, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,607
IMPR.: \$40,926
TOTAL: \$54,533

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,776 square feet of living area. The dwelling is approximately 32 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 2.5-car garage. The property has a 13,607 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The Property Tax Appeal Board takes notice that the subject property was the subject matter of an appeal before the Board the prior year under Docket No. 16-39917.001-R-1. In that appeal the Property Tax Appeal Board issued a decision lowering the assessment of the subject property to \$54,533 based on an agreement by the parties. Furthermore, the record reveals that the subject

property is an owner-occupied residence, as the appeal petition disclosed the subject's address is the same as the appellant's address.

For this 2017 appeal, the appellant contends both overvaluation and assessment inequity with respect to the improvement as the bases of the appeal. In support of the overvaluation argument, the appellant submitted information on four comparable sales located within the same neighborhood code as the subject property. The comparables have varying degrees of similarity when compared to the subject. The comparables sold from June 2016 to August 2017 for prices ranging from \$640,000 to \$740,000 or from \$181.77 to \$206.70 per square foot of living area, including land.

In support of the inequity argument, the appellant provided information on four comparable properties that were located in the same neighborhood code as the subject property. The comparables have varying degrees of similarity when compared to the subject. The comparables have improvement assessments that range from \$46,277 to \$48,672 or from \$14.74 to \$15.38 per square foot of living area.

Based on this evidence, the appellant requested that the subject's total assessment be reduced to \$53,287. The requested assessment would reflect a total market value of \$532,870 or \$191.96 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. The request would lower the subject's improvement assessment to \$39,680 or \$14.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,522. The subject's assessment reflects a market value of \$595,220 or \$214.42 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. The subject has an improvement assessment of \$45,915 or \$16.54 per square foot of living area. The notes on appeal also disclosed that the 2016 tax year was the first year of the triennial general assessment period.

In support of its contention of the correct assessment the board of review submitted information on eight comparable properties located within the same neighborhood code as the subject property.¹ Assessment data was provided for each comparable and sales data was provided for five of the comparables. The comparables have varying degrees of similarity when compared to the subject. The comparables have improvement assessments that range from \$44,346 to \$54,903 or from \$16.60 to \$19.52 per square foot of living area. Comparables #3 and #5 through #8 sold from May 2014 to September 2016 for prices ranging from \$665,000 to \$824,000 or from \$226.50 to \$284.64 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

¹ Board of review second set of four comparables were renumbered as comparables #5 through #8.

Conclusion of Law

The Property Tax Appeal Board finds the subject property was the subject matter of an appeal before this Board a prior tax year under Docket Number 16-39917.001-R-1. In that appeal, the Property Tax Appeal Board rendered a decision lowering the subject's assessment to \$54,533. The Property Tax Appeal Board finds the record shows the subject property is located in Northfield Township, Cook County, in which the triennial general assessment period began with the 2016 tax year and continues through the 2018 tax year. In addition, there is no evidence in the record that indicates the subject subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based. As a result, the Board further finds section 16-185 of the Property Tax Code is controlling in this appeal. (35 ILCS 200/16-185).

Section 16-185 of the Property Tax Code provides in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review. (35 ILCS 200/16-185)

The Board finds this record disclosed the subject property is an owner-occupied residence and that the 2016 and 2017 tax years are within the same general assessment period. The record contains no evidence showing that the subject property sold in an arm's-length transaction establishing a different fair cash value. For these reasons, the Board finds its 2016 decision reflecting an assessment of \$54,533 shall be carried forward to the subsequent 2017 tax year.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
