

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Venetia Petrovas  
DOCKET NO.: 17-42153.001-R-1  
PARCEL NO.: 04-16-106-006-0000

The parties of record before the Property Tax Appeal Board are Venetia Petrovas, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,748  
**IMPR.:** \$40,739  
**TOTAL:** \$55,487

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,117 square feet of living area. The dwelling is approximately 41 years old. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and a two-car garage. The property has a 12,825 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 2,418 to 2,920 square feet of living area. The dwellings range in age from

41 to 51 years old. Each comparable has a full or partial basement with one having finished area. The comparables each have central air conditioning, one fireplace and a two-car garage. The comparables have improvement assessments that range from \$28,847 to \$34,774 or from \$11.90 to \$12.00 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$37,232 or \$11.94 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,487. The subject property has an improvement assessment of \$40,739 or \$13.07 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 2,684 to 3,179 square feet of living area. The dwellings range in age from 32 to 42 years old. Each comparable has a full basement with one having finished area. The comparables each have central air conditioning, a fireplace and a two-car or a three-car garage. The comparables have improvement assessments that range from \$45,948 to \$52,364 or from \$16.47 to \$17.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten equity comparables for the Board's consideration. The Board gives reduced weight to appellant's comparables #3, #4 and #6, along with board of review comparables #1 and #2 due to their dissimilar dwelling sizes and/or finished basements when compared to the subject. The Board finds the remaining comparables are similar to the subject in dwelling size, design, age and features. These comparables have improvement assessments ranging from \$11.91 to \$16.75 per square foot of living area. The subject's improvement assessment of \$13.07 per square foot of living area falls within the range established by the best comparables in this record. The Board finds the subject dwelling is being equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
