

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Antonopoulos
DOCKET NO.: 17-42156.001-R-1
PARCEL NO.: 04-10-201-013-0000

The parties of record before the Property Tax Appeal Board are George Antonopoulos, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,140
IMPR.: \$41,865
TOTAL: \$59,005

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,628 square feet of living area. The dwelling is approximately 89 years old. Features of the home include a full basement with finished area, central air conditioning and a 2-car garage. The property has an 18,530 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within the same neighborhood code as the subject property. The comparables have sites ranging in size from 12,328 to 28,557 square feet of land area. The comparables are improved with similar class 2-06 dwellings of frame or masonry exterior construction ranging in size from 2,679 to 3,658 square feet of living

area. The dwellings range in age from 65 to 88 years old. Each comparable has a full or partial unfinished basement, two comparables have central air conditioning, each comparable has a fireplace and three comparables have either a 1.5-car or a 2-car garage. The properties sold from June 2015 to July 2017 for prices ranging from \$525,000 to \$792,000 or from \$195.97 to \$216.51 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$54,097, reflecting a market value of \$540,970 or \$205.85 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,005. The subject's assessment reflects a market value of \$590,050 or \$224.52 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located a quarter of a mile from the subject or within the subject's subarea, one of which is located within the same neighborhood code as the subject property. The comparables have sites ranging in size from 7,500 to 22,469 square feet of land area. The comparables are improved with similar class 2-06, two-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,233 to 2,609 square feet of living area. The dwellings range in age from 75 to 126 years old. One comparable has a crawl space foundation and three comparables each have a full or partial basement with one having finished area. Two comparables each have a fireplace and each comparable has a 1-car or a 2-car garage. The properties sold from June 2014 to August 2016 for prices ranging from \$599,000 to \$715,000 or from \$257.65 to \$313.48 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 due to their larger dwelling sizes when compared to the subject. The Board gives reduced weight to board of review comparables #1, #3 and #4, as comparable #1 lacks a basement unlike the subject's full finished basement, comparable #3 is an older dwelling than the subject dwelling and comparable #4 sold in 2014 which is dated and less likely to be indicative of the subject's market value as of the January 1, 2017 assessment date.

The Board finds the best evidence of market value to be appellant's comparable sale #4 and board of review comparable sale #2. These comparables are relatively similar to the subject in location, dwelling size, design and age. The greatest weight was given to board of review comparable #2 as it is the only comparable with a finished basement, like the subject. The properties sold in October and May 2016 for prices of \$525,000 and \$665,000 or for \$195.97 and \$257.65 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$590,050 or \$224.52 per square foot of living area, including land, which is bracketed by the two best comparable sales in this record both in terms of overall market value and on a price-per-square foot basis. After considering necessary adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
