

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Olympia Pappas
DOCKET NO.: 17-42157.001-R-1
PARCEL NO.: 04-33-406-021-0000

The parties of record before the Property Tax Appeal Board are Olympia Pappas, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,190
IMPR.: \$10,020
TOTAL: \$18,210

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,007 square feet of living area. The dwelling is approximately 75 years old. Features of the home include an unfinished partial basement and a one-car garage. The property has a 12,600 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within the same neighborhood code as the subject property. The comparables have sites ranging in size from 10,401 to 13,200 square feet of land area. The comparables are improved with similar class 2-03 dwellings of frame or frame and masonry exterior construction ranging in size from 1,102 to 1,556 square feet

of living area. The dwellings range in age from 71 to 76 years old. One comparable has an unfinished partial unfinished basement and three comparables each have a crawl space foundation. Three comparables have a one-car or a 1.5-car garage. The properties sold from February 2015 to May 2017 for prices ranging from \$181,000 to \$223,500 or from \$139.17 to \$167.50 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$15,471, reflecting a market value of \$154,710 or \$153.63 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,210. The subject's assessment reflects a market value of \$182,100 or \$180.83 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located in the same neighborhood code as the subject property and either a quarter of a mile from the subject or within the subject's subarea. The comparables have sites ranging in size from 9,750 to 14,162 square feet of land area. The comparables are improved with similar class 2-03, one-story or 1.5-story dwellings of frame or masonry exterior construction ranging in size from 1,015 to 1,116 square feet of living area. The dwellings range in age from 63 to 77 years old. One comparable has a crawl space foundation and three comparables each have an unfinished partial basement. Three comparables have central air conditioning, one comparable has a fireplace and three comparables each have a one-car or a two-car garage. The properties sold from July 2015 to September 2016 for prices ranging from \$245,000 to \$355,000 or from \$241.38 to \$323.32 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 due to their larger dwelling sizes when compared to the subject and/or the sale occurred in 2015 which is dated and less likely to be indicative of the subject's market value as of the January 1, 2017 assessment date. The Board gives reduced weight to board of review comparables #1, #2 and #4 as each comparable has central air conditioning unlike the subject. Furthermore, board of review comparable #1 is a newer dwelling and lacks a garage and board of review comparable #4 is a dissimilar 1.5- story design when compared to the subject's one-story design and sold less proximate in time to the lien date at issue.

The Board finds the best evidence of market value to be appellant's comparable sale #3 and board of review comparable sale #3. These comparables are relatively similar to the subject in location, dwelling size, design and age. The appellant's comparable #3 would require an upward adjustment due to its lack of a basement when compared to the subject's partial unfinished basement. The properties sold in May and July 2016 for prices of \$181,000 and \$249,000 or for \$164.25 and \$241.75 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$182,100 or \$180.83 per square foot of living area, including land, which is bracketed by the two best comparable sales in this record both in terms of overall market value and on a price-per-square foot basis. After considering necessary adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
