

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Gilgenbach  
DOCKET NO.: 17-42160.001-R-1  
PARCEL NO.: 04-30-410-032-0000

The parties of record before the Property Tax Appeal Board are Bill Gilgenbach, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,959  
**IMPR.:** \$15,261  
**TOTAL:** \$26,220

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame and masonry exterior construction with 1,514 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 3.5-car garage. The property has a 10,438 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparables located within the same neighborhood code as the subject property. The comparables are improved with one-story dwellings of frame and masonry exterior construction ranging in size from 1,206 to 1,578 square feet of living area. Each dwelling is 62 years old.

Four comparables feature unfinished basements and three comparables have crawl space foundations. Three comparables have central air conditioning, two comparables each have a fireplace and three comparables each have a 1-car garage. The comparables have improvement assessments that range from \$9,117 to \$12,215 or from \$6.51 to \$8.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$11,536 or \$7.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,220. The subject property has an improvement assessment of \$15,261 or \$10.08 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code as the subject property. The comparables are improved with one-story dwellings of frame and masonry exterior construction ranging in size from 1,206 to 1,658 square feet of living area. The dwellings range in age from 57 to 62 years old. One comparable has an unfinished basement and three comparables have crawl space foundations. Three comparables have central air conditioning, one comparable has a fireplace and each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$17,397 to \$23,023 or from \$13.88 to \$14.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 11 comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #3 which differ from the subject in dwelling size, foundation type and/or features.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4. These comparables are similar to the subject in location, dwelling size, design, age and features, though they each have a smaller garage when compared to the subject. The comparables have improvement assessments that range from \$21,307 to \$23,023 or from \$13.88 to \$14.23 per square foot of living area. The subject's improvement assessment of \$15,261 or \$10.08 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
