

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ralph Boldt
DOCKET NO.: 17-42203.001-R-1
PARCEL NO.: 04-24-201-016-0000

The parties of record before the Property Tax Appeal Board are Ralph Boldt, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,616
IMPR.: \$15,884
TOTAL: \$36,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 844 square feet of living area. The dwelling is 76 years old. Features of the home include a full unfinished basement, central air conditioning, and a 2.5-car garage. The property has a 19,178 square foot site and is located in Northfield, Northfield Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that have the same neighborhood code as the subject. The comparables have sites ranging in size from 8,175 to 11,550 square feet of land area and are improved with class 2-02 dwellings of frame or frame and masonry exterior construction that range in size from 873 to 960 square feet of living area and in age from 60 to 64

years old. Each comparable has a partial or a full unfinished basement. One comparable has central air conditioning; one comparable has a fireplace; and two comparables each have a 1-car or a 2-car garage. The sales occurred from February 2016 to July 2017 for prices ranging from \$240,000 to \$310,000 or from \$250.00 to \$346.76 per square foot of living area, inclusive of the land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$25,039.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,606. The subject's assessment reflects a market value of \$396,060 or \$469.27 per square foot of living area, including land, when applying the 10% level of assessment for class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on one comparable sale that is located in a different neighborhood code than the subject. This comparable has a site with 12,312 square feet of land area and is improved with a class 2-02, two-story dwelling of frame exterior construction with 795 square feet of living area. The dwelling is 74 years old and features a partial unfinished basement and a 2-car garage. The comparable sold in October 2016 for a price of \$1,130,000 or for \$1,421.38 per square foot of living area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains four comparable sales for the Board's consideration. The Board gave less weight to the board of review comparable due to its location in a different neighborhood code than the subject.

The Board finds the best evidence of market value to be the appellant's comparables. These comparables are slightly newer dwellings located within the subject neighborhood, but all have considerably smaller lot sizes, two comparables lack central air conditioning and one comparable lacks a garage when compared to the subject property. These comparables sold from February 2016 to July 2017 for prices ranging from \$240,000 to \$310,000 or from \$250.00 to \$346.76 per square foot of living area, including land. The subject's assessment reflects a market value of \$396,060 or \$469.27 per square foot of living area, including land, which falls above the range established by the best comparable sales. After considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
