

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Juszcyk  
DOCKET NO.: 17-42214.001-R-1  
PARCEL NO.: 04-04-306-009-0000

The parties of record before the Property Tax Appeal Board are Michael Juszcyk, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,536  
**IMPR.:** \$32,056  
**TOTAL:** \$35,592

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 1,837 square feet of living area. The dwelling is 40 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace, and a two-car garage. The property has a 4,287 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine comparables that have the same neighborhood code as the subject and are located within .13 of a mile from the subject. The comparables are improved with two-story dwellings of frame or masonry exterior construction that range in size from 1,772 to 1,943 square feet of living area. The

dwellings are either 39 or 40 years old. Three comparables have partial unfinished basements and six comparables have either crawl space or concrete slab foundations. Each comparable has central air conditioning and a two-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$26,103 to \$30,862 or from \$14.58 to \$15.88 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$28,088 or \$15.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,592. The subject has an improvement assessment of \$32,056 or \$17.45 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same neighborhood code and are located on the same block as the subject. The comparables are improved with class 2-95, two-story dwellings of frame exterior construction. Each comparable has 1,837 square feet of living area and is 40 years old. The comparables each have a full unfinished basement, central air conditioning, one fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$32,331 to \$33,399 or from \$17.60 to \$18.18 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject. The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 13 equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables #3 through #6, #8 and #9 as they have crawl space or concrete slab foundations in contrast to the subject's basement foundation.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2 and #7 along with the board of review comparables as they are most similar to the subject in location, dwelling size, age and most features. These comparables have improvement assessments ranging from \$26,757 to \$33,399 or from \$15.10 to \$18.18 per square foot of living area. The subject has an improvement assessment of \$32,056 or \$17.45 per square foot of living area, which falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported and therefore, a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
