

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aaron Bell
DOCKET NO.: 17-42217.001-R-1
PARCEL NO.: 29-20-102-001-0000

The parties of record before the Property Tax Appeal Board are Aaron Bell, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,003
IMPR.: \$7,120
TOTAL: \$8,123

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,951 square feet of living area. The dwelling is 104 years old. Features of the home include a full unfinished basement and a fireplace. The property has a 4,015 square foot site and is located in Harvey, Thorton Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that have the same neighborhood code as the subject. The comparables are improved with one, 1.5 to 1.9-story dwelling and three, 1-story dwellings of frame and masonry exterior construction that range in size from 1,864 to 2,092 square feet of living area and in range in age from 45 to 60 years old. Two comparable have crawl space foundations and two comparables have partial

basements with finished area. One comparable has central air conditioning, two comparables each have one fireplace and each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$2,084 to \$6,397 or from \$2.85 to \$3.43 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$5,859 or \$3.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,123. The subject has an improvement assessment of \$7,120 or \$3.65 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables that have the same neighborhood code as the subject. The comparables are improved with either 1.5-story or 2-story dwellings of frame exterior or masonry exterior construction that range in size from 1,494 to 1,734 square feet of living area and range in age from 87 to 119 years old. The comparables have full unfinished basements, one comparable has central air conditioning, and one comparable has a 2-car garage. The comparables have improvement assessments ranging from \$5,764 to \$7,373 or from \$3.33 to \$3.79 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject. The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board finds neither parties' comparables were particularly similar to the subject due to differences in age, dwelling sizes, exterior construction, and/or features. These comparables have improvement assessments ranging from \$2.85 to \$3.79 per square foot of living area. The subject has an improvement assessment of \$3.65 per square foot of living area, which falls within the range established by the comparables in this record. After examining the evidence presented by the parties and considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
