

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Galgan
DOCKET NO.: 17-42220.001-R-1
PARCEL NO.: 30-30-213-001-0000

The parties of record before the Property Tax Appeal Board are William Galgan, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,522
IMPR.: \$1,754
TOTAL: \$3,276

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2017 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 817 square feet of living area. The dwelling is 67 years old. Features of the home include a concrete slab foundation and a 1-car garage. The property has a 4,686 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that have the same neighborhood code as the subject. The comparables have sites containing either 5,000 or 6,250 square feet of land area. The properties are improved with class 2-02 dwellings of masonry or frame exterior construction that range in size from 806 to 945 square feet of living area and range in age from 64 to 67 years old. Each comparable has a concrete slab foundation, one comparable has a

fireplace, and three comparables each have a 1.5-car or a 2.5-car garage. The sales occurred from April 2016 to March 2017 for prices ranging from \$29,000 to \$40,000 or from \$35.50 to \$43.42 per square foot of living area, including land. The appellant requested the subject's assessment be reduced to \$3,276.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,392. The subject's assessment reflects a market value of \$53,920 or \$66.00 per square foot of living area, including land, when applying the 10% level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on two comparable sales that were submitted by the appellant and two equity comparables that have the same neighborhood code as the subject.¹ Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains four comparable sales for the Board's consideration with two comparables common to both parties. The Board gave less weight to the appellant's comparable #1 due to its larger dwelling size when compared to the subject and the other sales in the record.

The Board finds the best evidence of market value to be the appellant's comparables #2, #3 and #4 which includes the parties' two common comparables. These comparables are most similar to the subject property in dwelling size. These comparables sold for prices ranging from \$29,000 to \$35,000 or from \$35.50 to \$43.42 per square foot of living area, including land. The subject's assessment reflects a market value of \$53,920 or \$66.00 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. After considering adjustments to the comparable sales in this record, the Board finds a reduction in the subject's assessment commensurate to the appellant's request is justified.

¹ Board of review comparables #1 and #3 were submitted by the appellant as comparables #3 and #4, respectively. The Board will not further consider board of review comparables #2 and #4 in this decision as these equity comparables do not address the appellant's overvaluation argument.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
